2. Total Compensation for Executive Officers, Management Officers and SUDs

- 2.1. The guiding principles of the total compensation program at UBC for Executive Officers, Management Officers and SUDs are as follows:
 - 2.1.1. **Rationality:** UBC establishes total compensation levels which balance fair value for work with UBC's ability to pay.
 - 2.1.2. **Equity:** Total compensation relates internally to the worth of a job as measured by skill, effort, responsibility, working conditions, and externally to market comparisons of similar jobs in similar institutions with which UBC potentially competes for staff.
 - 2.1.3. **Ability to attract and retain qualified candidates:** UBC's total compensation practices are competitive within the range and type of organizations from which it recruits.
 - 2.1.4. **Relation to performance:** Where total compensation is used as a means of acknowledging performance, performance measurement is based on clear, documented individual and organizational targets.
 - 2.1.5. **Compliance with legal obligations:** Total compensation practices comply with statutory obligations of the *Public Sector Employers Act*, *Employment Standards Act*, the *Human Rights Code* and other applicable legislation.
 - 2.1.6. **Conflict of interest:** Consistent with UBC's Policy #97 - Conflict of Interest and Conflict of Commitment, decisions on total compensation are made in a manner to ensure that a conflict of interest will not occur.

3. Total Compensation for Staff Members who are Excluded from or Not Represented by a Union or Association

- 3.1. Staff members who are excluded from or not represented by a union or association will receive total compensation at similar levels for comparable work of staff members represented by a union or association.
- 3.2. The Vice-President, Human Resources or delegate will review the total compensation of staff members who are excluded from or not represented by a union or association at appropriate intervals and make recommendations.
